COMMITTEE REPORTS:

Board of Directors:

Last meeting: Monday, February 11

Next meeting: **Monday, May 12**

- Linda Capener has left her position with GHC-SCW so that will leave the vice chair position vacant.
- Need to recruit a member to represent GHC-SCW
- Deb Paulus from Dean health Care, and Dan Hopfensperger from the WI Division of Public Health have joined the DCIC as general Board members.
- Amy Oberg from Dean health Care has joined the Immunization Practices Committee.
- BOD will meet quarterly in 2008
- Media campaign, Symposium, Grand Rounds ideas discussed, budget reviewed
- 2008-2009 School rules changes, PH partnering with schools to hold school based Tdap and Varicella clinics.
- 2008 General membership meetings discussions and speakers

Immunization Practices Committee

Last meeting: Monday, Monday, January 7 (cancelled)

Next meeting: **Monday, April 7**

- Immunization PEARLS was developed and distributed during January

Education and Outreach Committee

Next meeting: TBA

Amy Vieth discussed the ideas for this year's media campaign. This year's media campaign will be adapted from Texas Dept. of Health (with their permission) and will be a simple "building block" design for "build your child's immunity" similar to:

Examples of the campaign can be found at:
<http://www.dshs.state.tx.us/immunize/campaign3.shtm>

The **Immunization Symposium** is scheduled for Tuesday, October 21st at American Family Convention Center (same as last year). Our speaker will be our very own Dr. James Conway.

Immunization Grand Rounds is tentatively scheduled for the 3rd or 4th week of August. The speaker will be Dr. Jon Temte. Topic TBA.

We are also tentatively planning to co-sponsor an immunization education campaign with McDonald's to place immunization education on the tray liners.

Protect your Immunize for Healthy Lives.
"small fries..."

School's just around the corner so stay on schedule and on top — don't forget to have your child immunized! Proper and timely immunizations are the best way to protect children against various childhood diseases. Check with your healthcare provider or local health department for more information on the proper immunization schedule.

Los niños están a la vuelta de la esquina. Así que sigue tu itinerario de inmunización y sé inteligente por olvidar vacunar a tu niño! La mejor manera de proteger a tu niño de enfermedades de la niñez es con las vacunas correspondientes en el momento justo. Consulta con tu proveedor de servicios de salud o tu departamento de salud local para más información sobre los itinerarios de inmunización correspondientes.
