Faculty:

Donna Weaver, RN, MN

Nurse Educator
National Immunization Program
Centers for Disease Control

Donna earned her Master's Degree in Nursing at the University of South Carolina at Columbia. Donna has practiced nursing throughout the U.S. and in Saudi Arabia. Prior to coming to CDC, Donna taught nursing, was head nurse of a medical/surgical acute care unit, a public health nurse, and an Immunization Nurse Consultant for the state of South Carolina. As an Immunization Nurse Educator for the CDC, Donna travels throughout the United States providing immunization training and information to the public and to healthcare providers. Donna also provides clinical consultation to immunization providers and assists in the development of immunization continuing education products offered by the National Immunization Program.

Statement of Need:

This workshop is being held to provide health care staff with up-to-date immunization information. Vaccine administration has become more challenging as the recommended immunization schedule (ACIP and AAP) continues to increase in its complexity as new vaccines are added.

Educational Objectives:

- 1) Review the current child and adolescent immunization schedule and proposed changes for 2008.
- 2) Summarize recent immunization recommendations from ACIP
- 3) Discuss emerging immunization issues.

A certificate of attendance will be given to those participating.

Agenda:

5:30 - 6:15 p.m.

Registration
View Exhibitor Displays
Sandwich/Soup Buffet

6:15

Welcome
Introduction of Donna Weaver, Speaker

6:15 – 6:30 p.m.
