**Public Health Holds Appointment Only H1N1 Vaccination Clinics
Call Flu Line to Schedule an Appointment**

Public Health-Madison and Dane County will be providing appointment only H1N1 immunizations at two locations in Madison. The clinics will be held Wednesday, January 6 & 13, 2-6 pm; and Thursday, January 7 & 14, 3-7 pm. To schedule an appointment, call Public Health's Flu Line at 243-0555.

These clinics provide an opportunity for any Dane County resident who is interested to receive FREE H1N1 vaccination. It is also an opportunity for children under 10 years needing their SECOND DOSE of H1N1 vaccine to get it. (The CDC recommends 21 days or more between the first and second doses.) Children under 18 must be accompanied by a parent or legal guardian.

People are encouraged to download and fill out the consent form and bring it with them to the clinic. This will help in making the process go faster. The Clinic Consent Forms are available in English, Spanish and Hmong at <http://www.publichealthmdc.com/disease/swineflu/immunization/vaccine.cfm>
