

EMPLOYEE HEALTH REPORTING AGREEMENT

Employees must report if they have these symptoms:

Diarrhea
Vomiting
Sore throat with fever
Jaundice (yellowing of the skin and eyes)
Sores with pus on the hands, wrist or uncovered parts of the arm

Employees must report if they are diagnosed with:

Norovirus
Hepatitis A
Shigella
Salmonella
E. coli
Or other illnesses from food or water

Employees must also report:

If they have been diagnosed with Salmonella typhi (Typhoid Fever) and received no antibiotic treatment within the last 3 months.

If they are the suspected source in a confirmed disease outbreak.

If they have been exposed to Norovirus, E. Coli, Shigella, Salmonella Typhi or Hepatitis A by:

- Eating or preparing food and/or beverages that are part of an outbreak
- Living with a person that has been diagnosed with one of the above illnesses

I understand the rules about health reporting and agree to:

1. Report symptoms, a diagnosis or an exposure to a food or waterborne illness to the Person-in-Charge.
2. Exclusions or restrictions that may be required of me.
