Madison, WI, Thursday, January 11, 2007

The Department of Public Health – Madison and Dane County is pleased to announce the 2006 Achievement Awards for excellence in food safety and sanitation for food establishments in the City of Madison. The city's Achievement Award program for food establishments was started in 1995 to highlight superior work in the food safety area. As the City and County's Public Health agencies complete the process of merger during this year, we anticipate implementation of a new countywide food establishment recognition program.

One hundred out of over 1000-licensed food establishments in the city have met the strict criteria for the award. The award winners cover the following categories:

Restaurants, Grocery/Deli, Fast Food, Bar and Grill and Limited Food Handling.

There are several establishments that have won the award multiple times. The number in the awards column identifies how many consecutive awards the food establishment has won. The following **2006 Achievement Award recipients** have done an outstanding job of insuring food safety on a routine basis and should be congratulated on their superior performance.
